

Grants

My office provides assistance to residents of the 12th Congressional District seeking grants from the federal government. Each day my office compiles a listing of notices of funding availability we believe may be of interest to residents and organizations in my district. These listings are distributed to local government offices, schools, chambers of commerce, institutions of higher education and other organizations in my district.

Each year my office also holds a grants conference to help educate residents about how to access grant assistance from the federal government. I am also happy to write letters supporting applications for federal funding. To request a letter of support for your grant application, please fill out the form below and return it to my office. For more information or to be added to my grant email list, please contact my communication coordinator, Tamara Stinson, in my Charlotte office at:
